Belgian Beers

We're excited to share a special list of Belgian beers with you – admittedly, our first love was Belgian beer. Belgium has well over 100 years of established beer making methods which created quality beers that shaped styles around the world. Even when the IPA craze was taking over in the US, we found ourselves wanting more Belgian brews.

We proudly showcase them at Blutorn because they pair so well with food. The fruit and spice notes of Piraat are a great match for our double cut pork chop; the bright sourness of a Lambic alongside the richness of our foie gras will surprise your taste buds. Hope you have as much fun enjoying this list as we did curating it. Cheers!
